

# Jesús Moral Aranda

*Physicist and Materials Engineer*

+34 675 94 54 75
jesusmoralaranda10@gmail.com
jeshopenhauer
25 years old - Villerupt - Luxembourg

## Education and Training

2019–2025 **Bachelor of Science in Physics**, ***University of Seville***, Seville, Spain
- Focused on solid-state physics, electronic, and optical properties of materials.

2019–2025 **Bachelor of Science in Materials Engineering**, ***University of Seville***, Seville, Spain
- Advanced training in microstructural characterization, non-destructive testing, and surface science.

1 Year **University Exchange (Computer Science)**, ***ECUST***, Shanghai, China
- Artificial intelligence, pattern recognition algorithms, and statistical data analysis.

1 Year **Erasmus+ Program**, ***Gdańsk University of Technology***, Gdańsk, Poland
- Master's coursework in Nanomaterials, dedicated to surface science.

## Technical Experience

1 Year **Quality Engineer**, *Valeo*, Martos, Spain
- In charge of quality of plastic components and purchasing of injection molds, managing quality and procurement for headlight projects for VW and Skoda.

2024 **Materials Engineering Intern**, *Smart Materials 3D*, Alcalá la Real, Spain, 6 months
- Thermomechanical characterization of polymers and quality control under ISO standards.
- Technical support and monitoring of process parameters in industrial manufacturing lines.

2015–2018 **Football Referee**, *RFEF*, Spain
- Management of critical situations, decision-making under pressure, and conflict resolution.

## Technical Skills

Analysis & Data: Python, MATLAB. Projects in weather forecasting

Metallurgy & Surfaces: Extractive metallurgy, surface treatments, electroplating and metallographic inspection.

Languages: Spanish (Native), English (C1), Mandarin Chinese (Basic), French (Basic)
